What areas do you wish to improve based on the '5 Ways to Wellbeing'?	
5 Ways to Wellbeing - five simple and effective ways to improve your psychological and emotional health based on extensive international research. 5 Ways To Wellbeing - Five Ways To Wellbeing Australia Home	
<input type="checkbox"/>	Connect - evidence shows that having other people in your life matters to the quality of psychological wellbeing regardless of age.
<input type="checkbox"/>	Be active - being active is important for good health at all ages and life stages. It helps keep your mind and body working well.
<input type="checkbox"/>	Keep learning - research shows that at all ages and life stages it is important to keep learning for happiness, health, and wellbeing.
<input type="checkbox"/>	Be aware - being aware of your thoughts and feelings as they arise, without getting lost in them can increase your ability to keep calm, reduce stress, think clearly, cope better with difficult situations and improve mood.
<input type="checkbox"/>	Help Others - helping others is a good thing to do in itself but research shows it can also improve your wellbeing.
