NDIS and Momentum Mental Health

If you have NDIS funding and its **Plan-Managed or Self-Managed**, you can access any of the **group-based** supports and activities available at Momentum. Our group-based services are offered as a Program of Support. NDIS funded participants design their own customised, 12 week Program of Support. Each Program of Support is designed to suit the member and will include:

- What is the outcome/goal you have in coming to Momentum;
- Which group programs you want to access each week to help you work toward these outcomes;
- What days and times you want to book in to access these group programs
- A start date and finish date of the Program of Support (each program is designed to run for 12 weeks)

More information on the Program of Support can be found in the NDIS Price Guide and on the NDIS website (www.ndis.gov.au).

How much will I be charged?

Our NDIS fees for service are consistent with the NDIS price guide (most current version available from www.ndis.gov.au).

- We guarantee a staff to member ratio of 1:3 for our group-based programs.
- Our group-based programs are covered under:
 - Core Supports, Line Item: 04_102_0136_6_1_T - Group Activities - Standard - Weekday Daytime 1:3 ratio = **\$20.72 per hour**.
- An additional Centre Capital Cost (Line Item: 04_599_0136_6_1) of **\$2.28 per hour** is also invoiced for all of our group based programs.

We can provide a draft budget so you will know exactly how much NDIS funding you'll need. If you have any questions about the NDIS and coming to Momentum Mental Health, please speak to a Wellbeing Coach who will be able to answer them.

Note: We are no longer be a NDIS registered provider as of 4th July 2022, and no longer provide services to Participants that are solely NDIA Managed funds. This includes both the Psychosocial Recovery Coaching and Group Programs.
